HOW TO GENERATE A DEGREE AUDIT FOR SATISFACTORY ACADEMIC PROGRESS (SAP) PURPOSES?

Note: If you are unable to access Web Services, please request the audit from the Registrar’s Office.

Note: If you receive an error message, click F5.
Degree Audit

Disclaimer

Degree Audit is a computer generated report of your academic work that evaluates requirements for a particular degree program and is an advising tool that will itemize what is required for the completion of a degree program at Our Lady of the Lake College and is available for advising purposes only. It is not an official transcript or official document.

While every effort is made to maintain reporting accuracy, it is essential you work closely with your advisor to assure your program requirements. The responsibility for verification of the information rests with you, the student. Exceptions to the degree plan must be approved in writing by the appropriate dean. Self selection of courses other than those listed or unapproved changes in program could adversely affect matriculation to a clinical program, graduation, financial aid and/or other tuition and benefit programs.

If you feel that the audit is not correctly analyzing your program requirements, you should contact your advisor. If you have declared a major or wish to change majors, go to the Registrar’s Office. This report does not assure degree completion. Final certification of degree requirements is done by the Registrar’s Office.

You may select either an active program or a “What if” program.

1 = Required

What if I changed my program of study?  

[Dropdown menu]
When every effort is made to maintain program requirements, the responsibility must be approved in writing by the program director, who could adversely affect major status.

If you feel that the audit is not consistent with your declared major or wish to change your certification of degree requirements, you may select an active program.

Choose One Active Programs
